IFSAs are never taxed at a federal income tax level when used appropriately for qualified medical expenses. Also, most states recognize FSA funds as tax deductible with very few exceptions. Please consult a tax advisor regarding your state's specific rules. | 2The example is for illustrative purposes only. Estimated savings are based on a maximum annual contribution and an assumed combined federal and state income tax bracket of 20%. Actual savings will depend on your contribution amount and taxable income and tax status. | 3Contribution limit is accurate as of 10/20/2022. Each fall the IRS updates the FSA contribution limits.
